QUICK GUIDE TO PARAMOUNT RANCH TRAILS

DESCRIPTION: Paramount Ranch, formerly owned by Paramount Studios, served as a "movie ranch" for the studio (1927-1953). Parts of the ranch were, and still are, used for movie and television filming. Many of the trails pass through real-life set locations, and there is still Western Town (constructed by William Hertz after buying part of the ranch from Paramount Studios). Hike up Medea Creek Trail to reach a spur trail to an overlook to get a view of the ranch and the "town" used to represent the west. National Parks acquired a portion of the ranch in the 1980s.

DIRECTIONS: From the 101, head south on Kanan Rd. Turn left onto Cornell Rd. Entrance will be on the right after approximately 2 miles. Follow the entrance road west and then south to the staging area. Western Town is just around the corner over the bridge.

SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers.** When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users.** Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
